CAD Web View

Quick Start Guide

CAD Web View

- New World Systems® *CAD Web View* is a stand-alone web-based application allowing agencies to view currently active Calls for Service (CFS), view additional details of those active calls, perform cleared call searches, and view units and their details from the ORI(s) to which the user is associated.

CAD Web View

- Login Information:
- Contact your agency chief or administrators to obtain your CAD Web View user name and Password.

CAD Web View

- Agency ORI:
- Please refer to the ORI/Agency Name Guide to (on the Web Site Menu) for your agency number, you will need it to access your agency's information.

CAD Web View

- **Logging In to Cad Web View:**
- **1.** To access *CAD Web View*, navigate to the following website: https://webview.centrecountypa.gov/NewWorld.CAD.ViewOnly
- **2.** The *CAD Web View Login* window appears. Enter your ***User Name*** and ***Password***. Select the ***Remember me*** check box to have the software remember your ***User Name*** the next time you log in to *CAD Web View*.

CAD Web View

Using the CAD Web View Web Page

The *CAD Web View* web page allows users to view all active calls for service (CFS) and click the call numbers to access the details of those calls. Users can also view all units for the ORI to which they are associated and click unit number to see the details of those units. Clicking the **Cleared Call Search** button allows users to search the database for cleared calls and their associated details. This section describes the various features associated with using the *CAD Web View* web page.

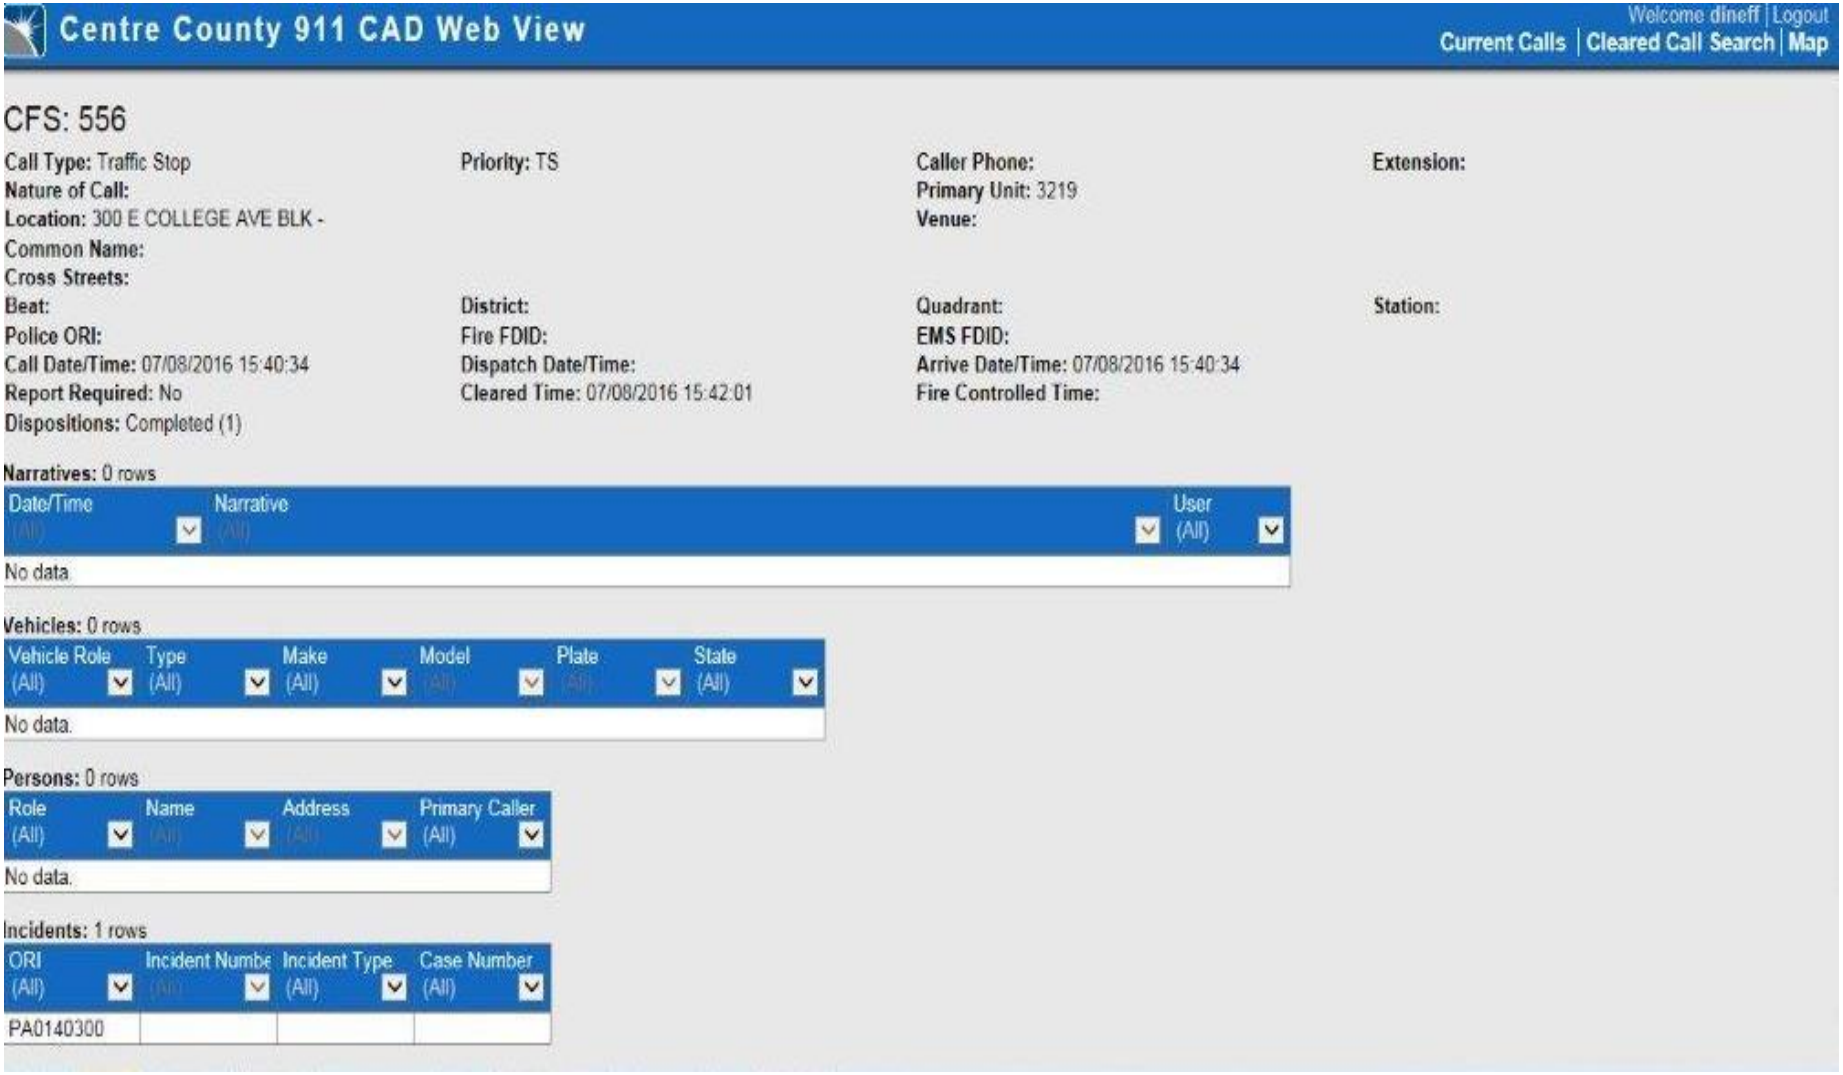
Accessing Call for Service Details

Accessing details associated with a CFS in the Call grid is as easy as clicking on a CFS number in the Call grid to access the *CFS Details* window for that call.



Unit Grid

The Unit grid displays all units for the ORI to which the user is associated. Also, above the grid there is information regarding the last time the grid was updated and the total number of units in the grid, as well as a ***Include Off Shift*** check box that, when selected, includes units that are off shift in the gird.

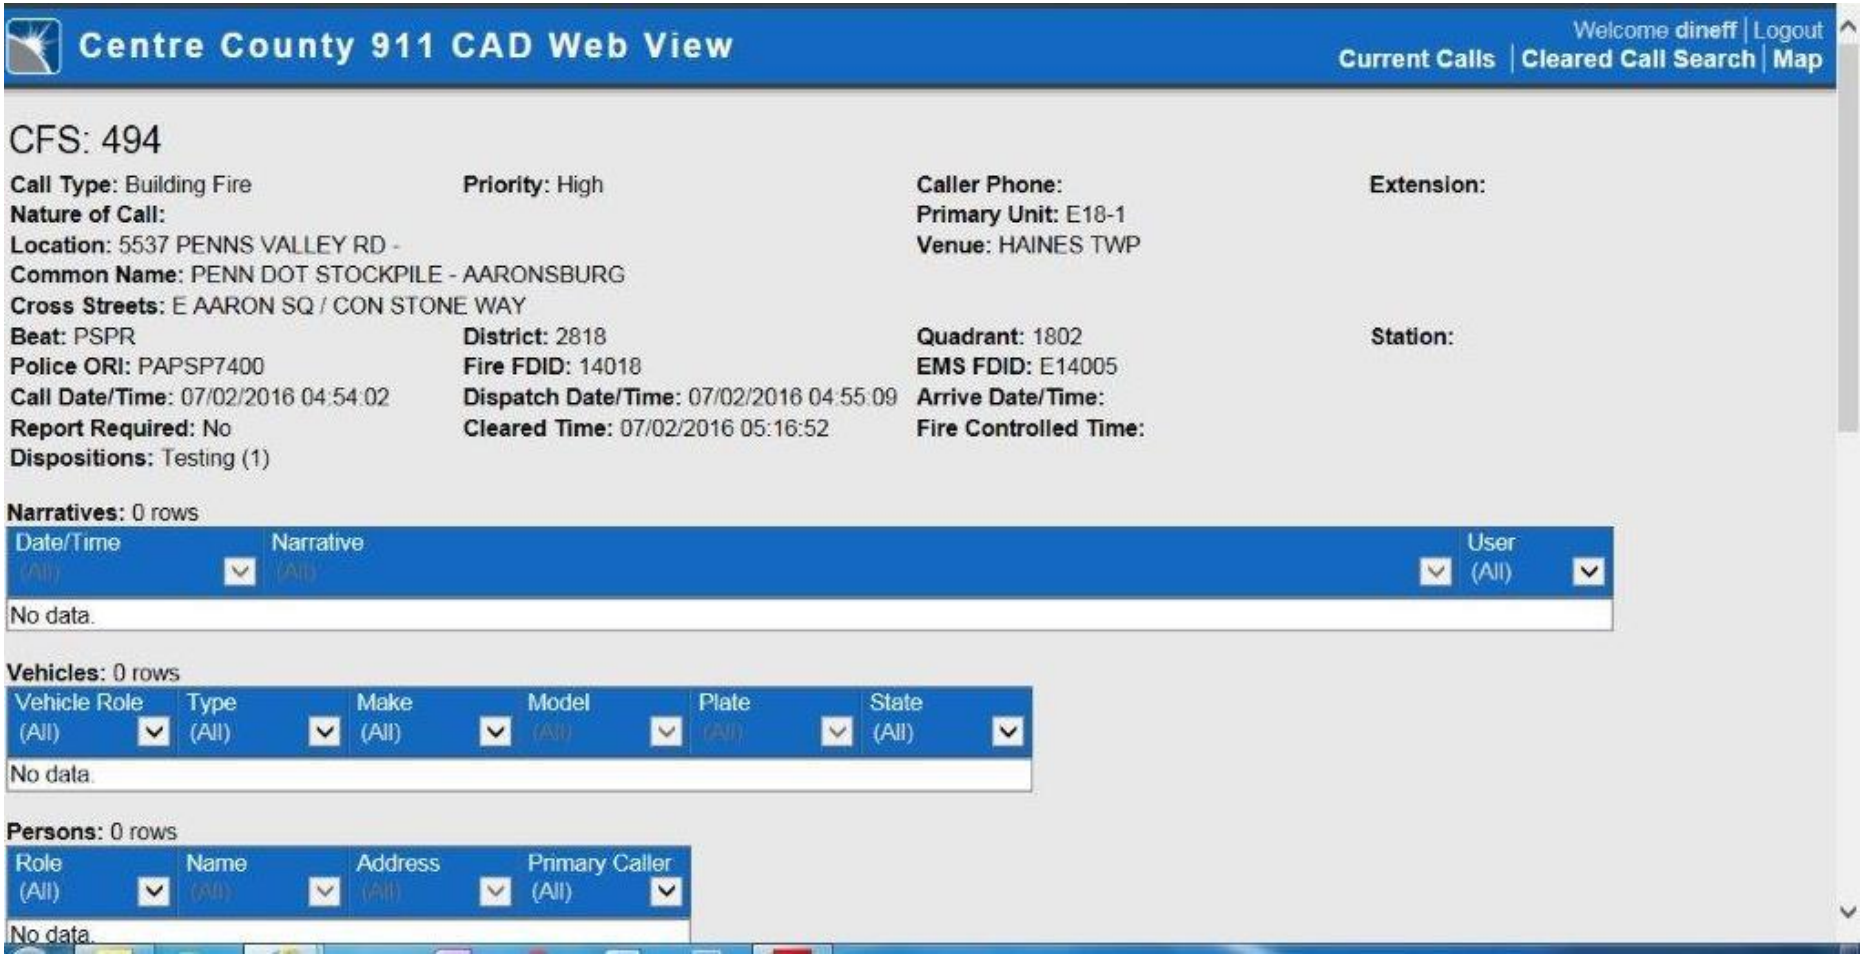
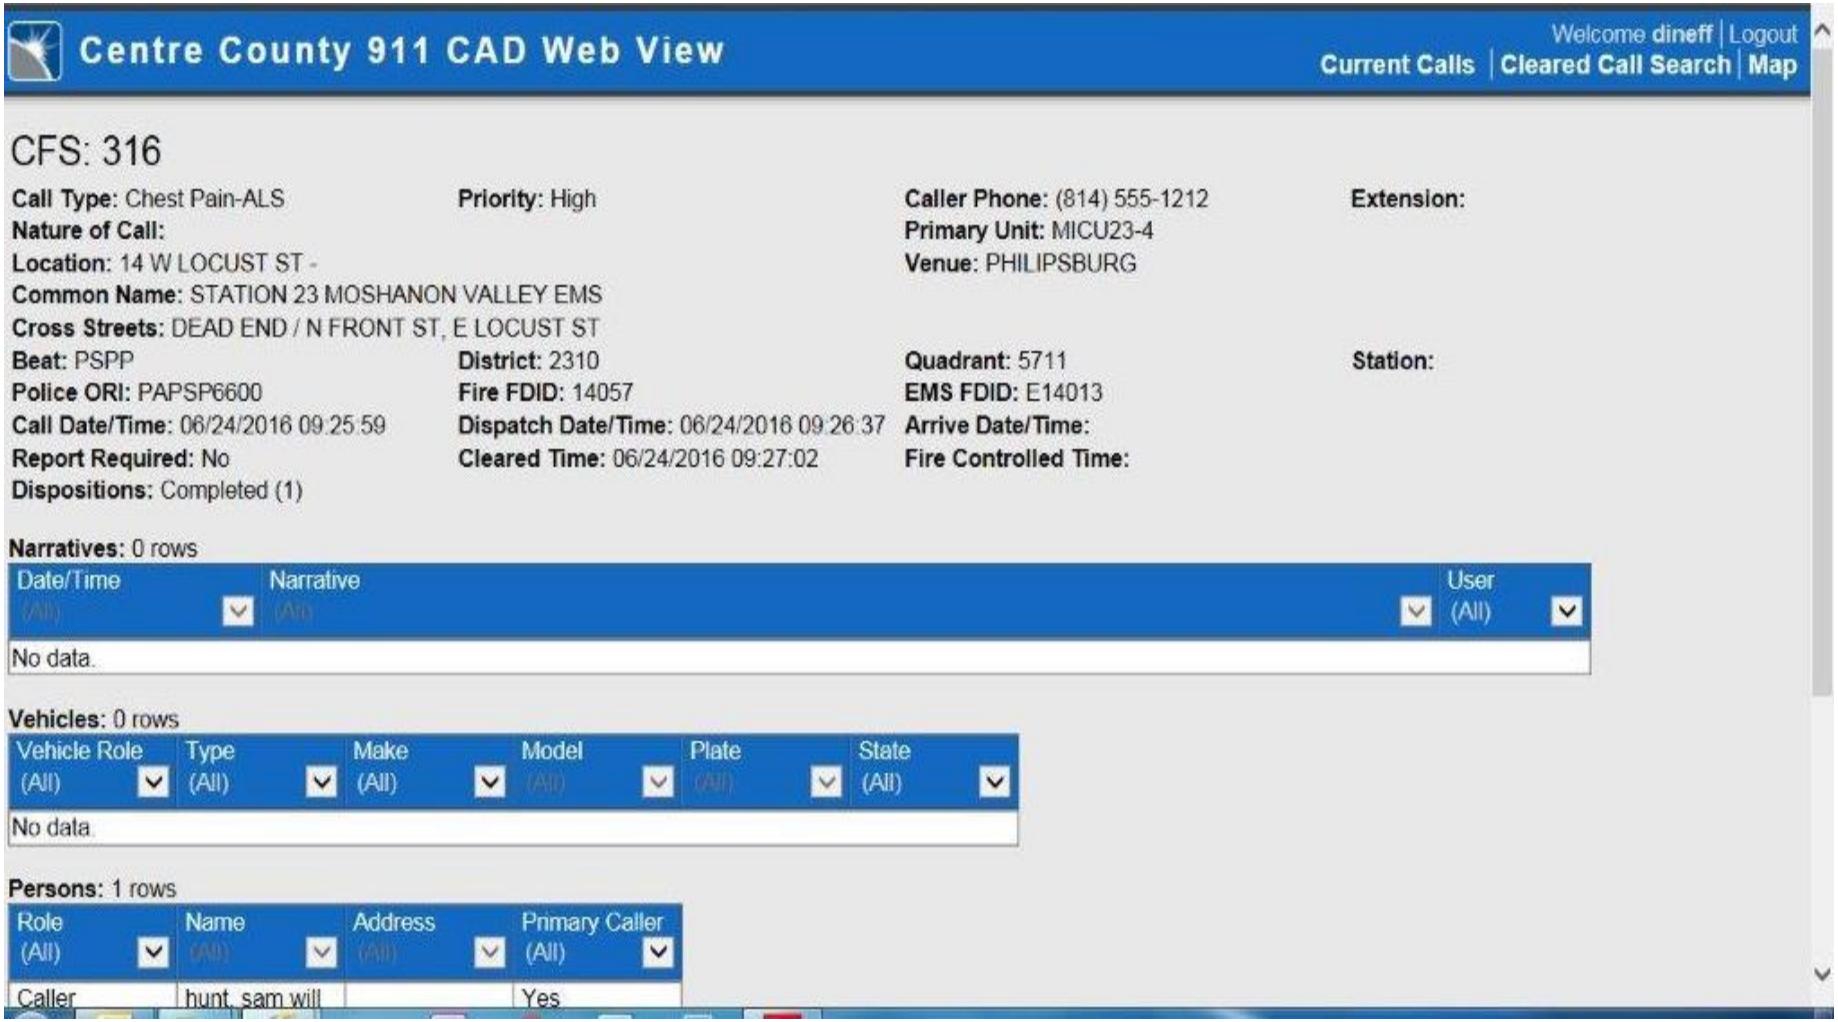
Fire Report Example: Follow links for times



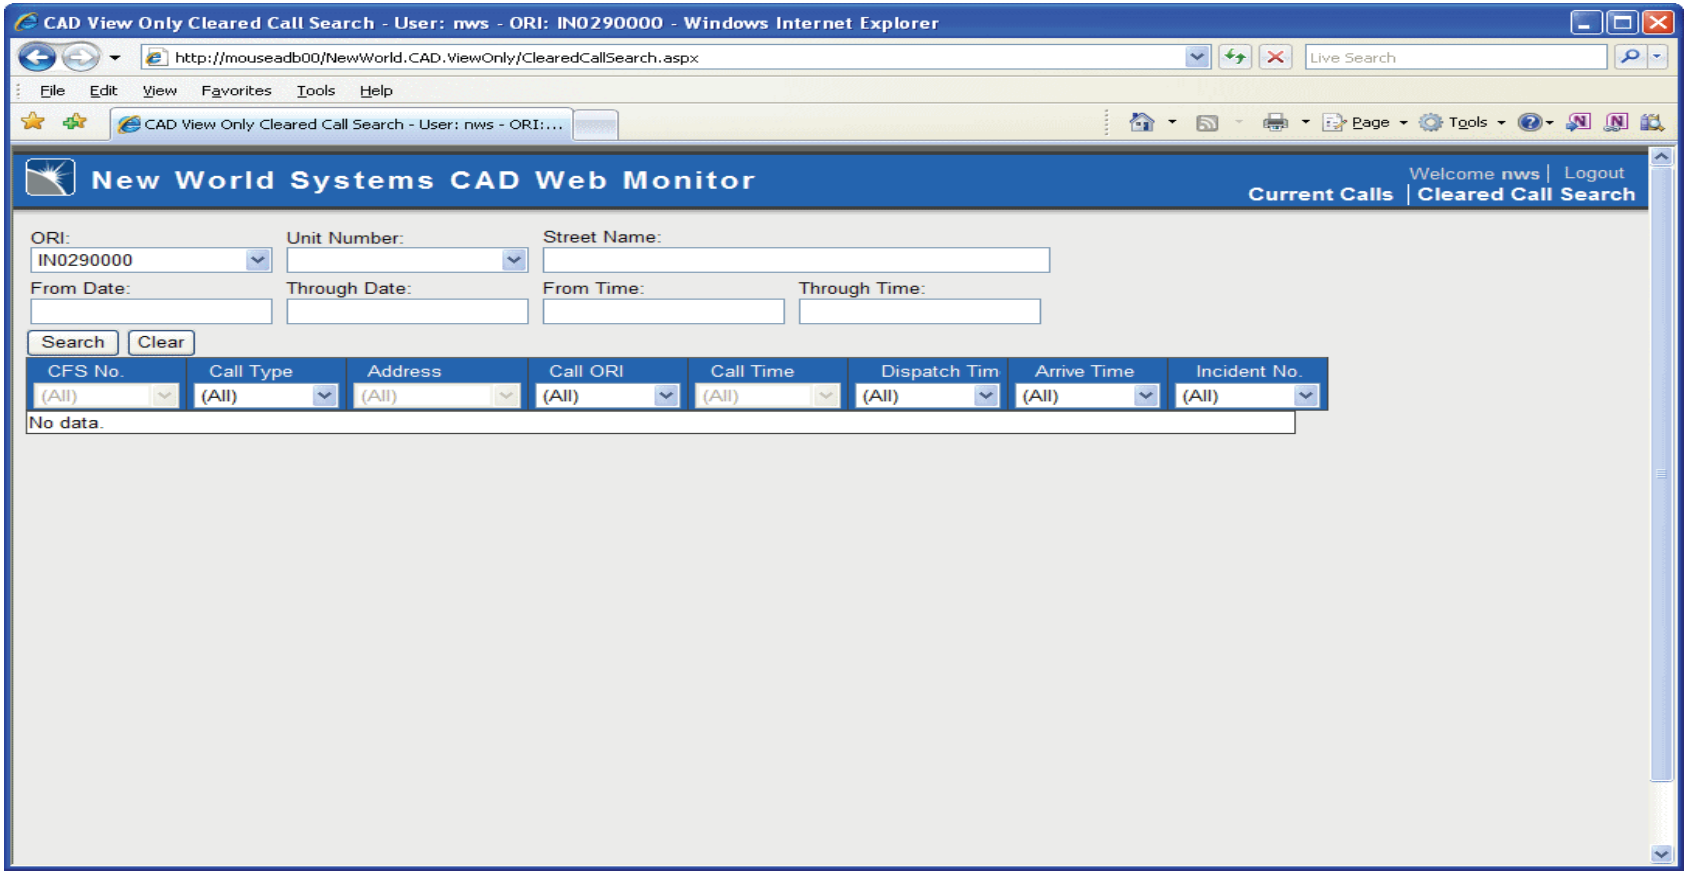
EMS Example:
Follow the unit links for times



The *Unit Details* window offers additional information on the unit in relation to the call, if they're dispatched to a CFS. Users can also search a unit's log by clicking within the ***Date*** fields, selecting a From and To date for which to return log information, and clicking the **Search** button. Information that falls within the selected time frame will display in the grid. The maximum number of results that the grid will display is 1000 rows. To return to the *CAD Web View* web page, click the **Current Calls** link at the top of the window.

Performing a Cleared Call Search

Use the following step to perform a cleared call searches maximum number of results that the grid will display is 1000 rows. **1.** Click the **Cleared Call Search** link on the *CAD Web View* web page. **2.**



Sample Call for Service to lookup:

SCPD: 565, 567, 568, 569 and570
FTPD: 571, 572, 573, 574, 575, 582, and 583
PTPD: 576, 577, 579, 580, and 581
STPD: 584, 585, 586, 587, and 588
BPD: 589, 590, 591, 592, 593
SHERIFF: 594, 595, 597, 598 and 600
PSU: 601, 602, 603, 604 and 605

CAD Web View

- CAD Web View is new to all of us and we hope bug free. If you encounter difficulties or have questions please call us.
- Business hours: Dave Rowles 814-355-6800
- Afterhours: 9-1-1 Supervisor 800-479-0050

Thank you!
