B. **Transportation** – Human Services Administrator Natalie Corman presented the CATA RFP for Paratransit Services. Responses to the proposal are due September 4. Director of Transportation Dave Lomison attended a pre-proposal conference yesterday. This would be an extension of the existing shared ride service to cover the entire county. The Transportation Office uses Ecolane software which is the same software that CATA uses. However, the service requested in the RFP runs outside the county’s normal hours. CATA also recognizes six holiday’s and the county recognizes 12, which would be an added expense for employee holiday pay. Director Dave Lomison reported that the Transportation Office has maintained a good working relationship with CATA.

Natalie explained to Commissioner Pipe that the contract will be awarded in early October to run from 2021 through 2023. Commissioner Pipe asked if the county were to submit a response to the RFP, is there is a provision that would lock the County into a contract if awarded. Reviewing the proposal Dave clarified that the County could withdraw up to the submission deadline, but not after. Commissioner Pipe explained that when the county releases an RFP, if a respondent would withdraw the county may recoup expenses by collecting on the submitted bid bond. Would this be the same case with CATA?

Commissioner Dershem is not in favor of responding to the RFP at this time. Natalie agreed that if awarded there would be a lot of additional policies and parameters that would need to be put in place. It was the consensus of the Board that the county would not respond to the RFP at this time.

IX. **POLICIES**

X. **CNET**

On a motion by Commissioner Higgins, seconded by Commissioner Dershem, the Board voted unanimously to approve sponsorship for CNET's broadcasting of an interview with Centre County Director of Elections and Voter Registration Joyce McKinley on Monday, August 24 at 11 AM.

XI. **DISCUSSION ITEMS**

A. Response to Bellefonte Borough
Administrator Margaret Gray reported that the County was contacted by the Bellefonte Borough in regards to vandalism at the Curtin Monument and Talleyrand Park. The Borough Council has asked if the County is interested in pursuing charges. There was not any permanent damage done and Commissioner Pipe does not feel the County should press charges.

Commissioner Dershem said activity such as this should be reviewed on a case by case basis. He suggested maintaining a working relationship with Bellefonte Borough to monitor and take appropriate action as necessary. Commissioner Higgins was in agreement.

B. Bellefonte Historic Street Tablets Project

Commissioner Higgins has received a proposal from the Bellefonte Historic Street Tablets Project for the addition of historic tablets in front of two Bellefonte buildings. The proposals is for purchase of the tablets by the county. It was the consensus of the Board that this will not be considered at this time, but could be revisited after the economy has recovered from the pandemic.

Grant Coordinator Mary Kay Williams stated that the small business grant application is near completion and she hopes it will be available on the website next week.

Yesterday, the Board participated in a conversation with the Department of Community and Economic Development. Commissioner Dershem expressed his appreciation for the meeting.
