

Welcome to SpeedSurvey

Presented by Centre County Government, PA

Make your voice heard! Help the county bring fast, reliable, and affordable internet to your area!

Centre County, PA is exploring ways to improve internet service. This survey and speed test are designed to gather data about the availability and speed of internet service, including to identify locations that lack such service.

If you do have internet service available at your home or business, please

go to <https://centrecountypa.speedsurvey.org/> or scan the QR Code

Thank you for your participation! Your address will not be made public. This information will be used solely for the County's planning efforts.

Reporting Type

Are you:

Reporting an address with no available internet service providers?

A. (If you are unable to have an internet service provider then continue on to the worksheet.)
