*Diversionary Programs, Treatment Courts, and
Officers*

The Centre County District Attorney’s Office participates in a number of treatment courts, diversionary programs, and also maintains designated officers performing duties relating to transparency and public interest. The Office has designated attorneys participating in the Centre County Drug Treatment Court and the Centre County DUI Treatment Court. It also maintains several District Attorney-led diversionary programs which include the Behavioral Health Diversionary Initiative, the Veterans Treatment Track Initiative, and the Misdemeanor Marijuana Diversionary Program. Additionally, the Office has designated attorneys serving as the Right to Know Law Officer and the Integrity Officer.

**BEHAVIORAL HEALTH DIVERSIONARY INITIATIVE
2021 END OF YEAR REPORT**

I. INTRODUCTION

The District Attorney’s Behavioral Health Diversionary Initiative has been receiving applications for approximately 7 months. Prior to implementation of the program, the DA’s Office reviewed policies and procedures for mental health treatment courts throughout the Commonwealth of Pennsylvania. We utilized that information to create a diversionary initiative that utilized traditional sentencing options and treatment options available in the community and private sector.

The objective of the Behavioral Health Diversionary Initiative is to identify individuals with serious mental illnesses who are involved with the criminal justice system and redirect them from traditional criminal justice pathways to mental health treatment systems. By connecting these individuals to community-based treatment services, it is the goal of the program to reduce police contact and recidivism. By successfully completing the program, individuals avoid the consequences that lengthy criminal records can have on them when they reenter society and the workplace.

II. DISCUSSION

In order to be admitted into the program, the District Attorney’s Office requires applicants to voluntarily seek mental health treatment and be in treatment prior to acceptance. The objective is to simplify the process and have a clear treatment plan that an individual must comply with in order to successfully complete the program. Sentences can include a plea of guilty on reduced charges, ARD with dismissal and expungement of their record and/or continuance of the case for a period of time for the individual to maintain treatment with a dismissal with costs at the end of that period.

**CENTRE COUNTY DRUG TREATMENT COURT
2018-2021 END OF YEAR REPORT**

I. OVERVIEW

Between January 1, 2018 – December 31, 2021, the Centre County Drug Treatment Court had a total of **39** participants. Fourteen (14) of those participants successfully graduated Drug Court. Of those 14, all but three (3), have not experienced a recidivist event (either a supervision violation, a relapse, or new charges). Those three have either received new drug-related charges or are known to have used controlled substances. Three other individuals have died- one while in the program, from a drug overdose event. Seven (7) individuals were dismissed from the program for failure to comply with the conditions of the program. There are currently 13 active participants- the majority of which are in Phase II or the Phase II-Relapse Track. One (1) individual has an active bench warrant for her arrest.

II. CURRENT PARTICIPANTS

There are currently 13 active participants in the program. Of those 13, two (2) were admitted in late Dec. 2021 and are in Phase I. There is one other Phase I participant, who was admitted on Sept. 16, 2021. There are 4 participants on Phase II of the program.

Recognizing the impact of a relapse has on participant and the importance of identifying and treating the underlying causes of relapse, a “Relapse Track” was developed in the Fall of 2021 to address participants who experienced a relapse. The Relapse Track seeks to identify and address those issues that led to the relapse. The participant is moved back to a Phase that helps to establish habits and behaviors that aid in rehabilitation and recovery. To aid in recovery, the Relapse Track is an

“accelerated” track to aid the individual in getting back to the Phase they were at before experiencing relapse.

There are currently 3 individuals on the relapse track. Each of these individuals used methamphetamine in their relapse.

III. GRADUATES

Between January 1, 2021 – July 8, 2021, the Centre County Drug Treatment Court graduated five (5) participants. All five of those participants were able to obtain full-time employment during their participation in the program. At least one individual is seeking higher education/training programs. As of January 19, 2022, none of these individuals has experienced a relapse or new criminal activity.

DUI TREATMENT COURT 2021 END OF YEAR REPORT

I. INTRODUCTION

The Centre County DUI treatment court is a post-plea/post-conviction court program targeting nonviolent, repeat DUI offenders as defined by statutes, who are facing a mandatory minimum sentence of at least 90 days incarceration. DUI Court is a non-adversarial program, addressing the specific treatment and community-based needs of individuals placed in the program, while at the same time, holding participants accountable for their actions. The program includes a period of incarceration followed by house arrest as an alternative to mandatory county jail or state prison sentences.

The treatment court program consists of five phases and the length of time for each phase varies depending on the person's ability to successfully achieve program goals and remain drug/alcohol free. The overall length of the program ranges from a minimum of 22 months to a maximum of 24 months. Upon successful completion of Phase 5, participants graduate from the DUI Court program. Following graduation, participants transition to standard probation supervision for the remainder of their sentence.

II. 2021 Grant Funding Report (November 2021)

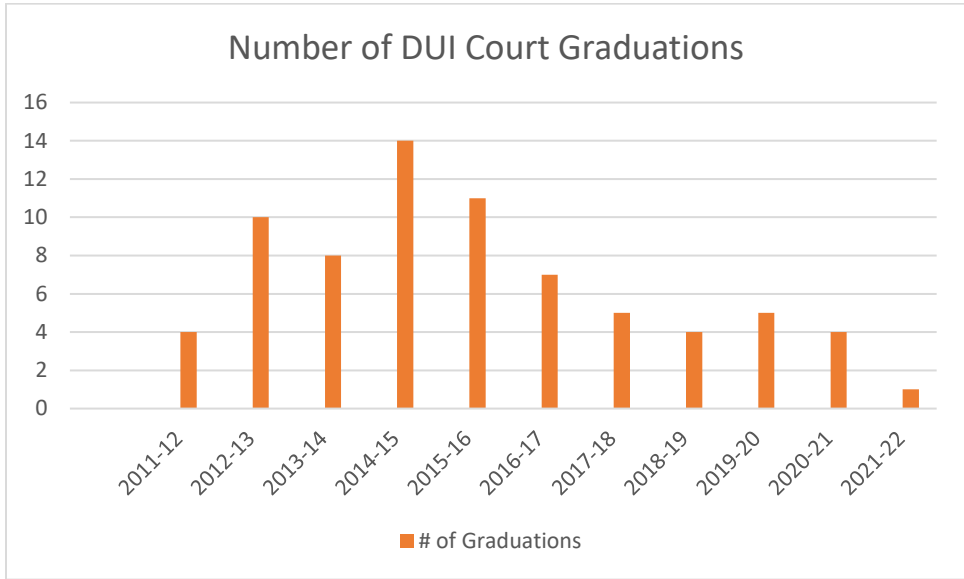

The Centre County DUI Court program has been operational since December 2009. During that time, 107 individuals have participated in the program. Currently, there are 11 individuals in the program, with one admission pending and four potential applications expected for the team to review and consider.

A basic review of graduation data to date shows that 96 individuals are no longer participating in the program.

- To date, 73 individuals have graduated from the two-year program, which is an approximate rate of 76%.
- Counting those who did not complete the program (i.e., administrative discharges) or those who were removed from the program, the data shows a rate of 24% (23 out of 96 individuals).
- Based on the information available, an estimate of the number of individuals who have had some sort of new legal charge filed since their graduation (not

necessarily in Centre County) is approximately 22 out of 96 individuals (23%).

A review of the data by fiscal year creates the following picture:

III. Dui Court Report 2021

Grant funding records reveals the following historical participation data:

2021	Starting Participants	New Additions	Graduations	Terminations – All Reasons

CENTRE COUNTY DISTRICT ATTORNEY'S OFFICE INTEGRITY OFFICER
2021 END OF YEAR REPORT

I. INTRODUCTION

The Integrity Officer, Megan McGoron, reports directly to the District Attorney. Allegations of prosecutorial misconduct and claims of innocence are reviewed to ensure convictions have integrity and individuals are not wrongfully convicted. The Integrity Officer is also responsible for the investigation and prosecution of cases involving public officials, law enforcement officers and corruption in government.

II. DISCUSSION

During the last 4 years, there have been 10 files reviewed by the Integrity Unit related to the process and validity of convictions. The following integrity reviews were granted in full or part:

A. CLAIMS FILED AND APPROVED

Commonwealth v. Aina	CP-14-CR-0688-2015
-----------------------------	---------------------------

Charge: Person not to possess, carrying firearm without a license

Claim of wrongful conviction alleging evidence presented at trial did not satisfy the crime. Defendant had been convicted in a non-jury trial and sentenced to 3 – 6 years in prison during the previous administration. The Commonwealth intervened to vacate the sentence and relief was granted. **Defendant was released from State Prison in 2020.**

Commonwealth v. John Kent	CP-14-CR-0839-2014
----------------------------------	---------------------------

Charge: Invasion of privacy, criminal trespass, stalking

Numerous claims including prosecutorial misconduct were made regarding the previous administration. The defendant had been convicted at a non-jury trial. The defendant filed a Petition for Post-Conviction Relief and a review conducted. **The Commonwealth and defendant stipulated that the defendant should be granted a new trial in 2021.**

Commonwealth v. Matthew Shirk	CP-14-CR-0182-2013
--------------------------------------	---------------------------

Charge: Homicide by vehicle while DUI, DUI, aggravated assault

Numerous claims were made regarding texting between the Commonwealth and the trial judge relating to the previous administration. Defendant was convicted at a jury trial and sentenced. A Post-Conviction Relief petition was filed by the

defendant and relief was granted by agreement between the Commonwealth and the defendant. **The defendant was granted a re-sentencing in 2020.**

B. CLAIMS FILED AND DENIED

Commonwealth v. Harry Barnes

Charge: Homicide

A claim of wrongful conviction was made by the defendant. **Relief requested was denied, as the defendant was convicted in another county and not appropriate for review.**

Commonwealth v. Beta Theta Pi (multiple defendants)

Charges: involuntary manslaughter, recklessly endangering

Defendants brought claims of CHRIA violation for providing copies of the criminal complaint to a journalist. **Relief requested in the form of a private criminal complaint was denied, as CHRIA provides for a civil remedy, not criminal charges.**

Commonwealth v. Miranda Boob

CP-14-CR-1700-2009

Charge: Homicide

Claims of prosecutorial misconduct because previous prosecutor withdrew a plea offer prior to trial. **The letter received was forwarded to defense counsel, as requested relief did not fall within the Integrity Officer review.**

Commonwealth v. Elijah Moorer

CP-14-CR-2037-2012 & 0532-2013

Charge: possession with intent to deliver

Allegations of prosecutorial misconduct, police misconduct and tampering with evidence. The allegation of tampering with evidence was investigated by the Pennsylvania State Police. The case was prosecuted by the Attorney General's Office and **not within the jurisdiction of the Centre County District Attorney's Office.** Matters pending in other venues with Attorney General's Office and various courts.

Commonwealth v. Richard Ryan

CP-14-CR-0016-2013

Charge: Terroristic threats, intimidation of a witness

Numerous claims of prosecutorial misconduct after the defendant was convicted in a jury trial. A Post-Conviction Relief petition was filed by the defendant requesting dismissal of charges and release from sentence. The matters were reviewed by the trial court and upheld by the Superior and Supreme Courts and accordingly **no relief was granted.**

Commonwealth v. John Spetzer

CP-14-CR-0116-1996 & 0505-1996

Charges: Sexual Assault

An allegation that an ADA told a witness to lie during the defendant's jury trial. The Integrity Unit reviewed the case history and the evidence supported a conviction. There was sufficient evidence to establish the defendant's guilt at trial regardless of the allegations made. **No relief was granted.**

C. PENDING CASES

Commonwealth v. Randall Brooks

CP-14-CR-1927-2010

Charge: Attempted Homicide

An allegation that the previous District Attorney was texting the trial Judge during trial. A Post-Conviction Relief Petition has been filed with the Court requesting dismissal of the charges. Commonwealth has turned over to the defense any evidence it has relevant to the claim. A hearing with the Court will be held regarding what relief, if any, should be granted.

Commonwealth v. Subramanyam Vedam

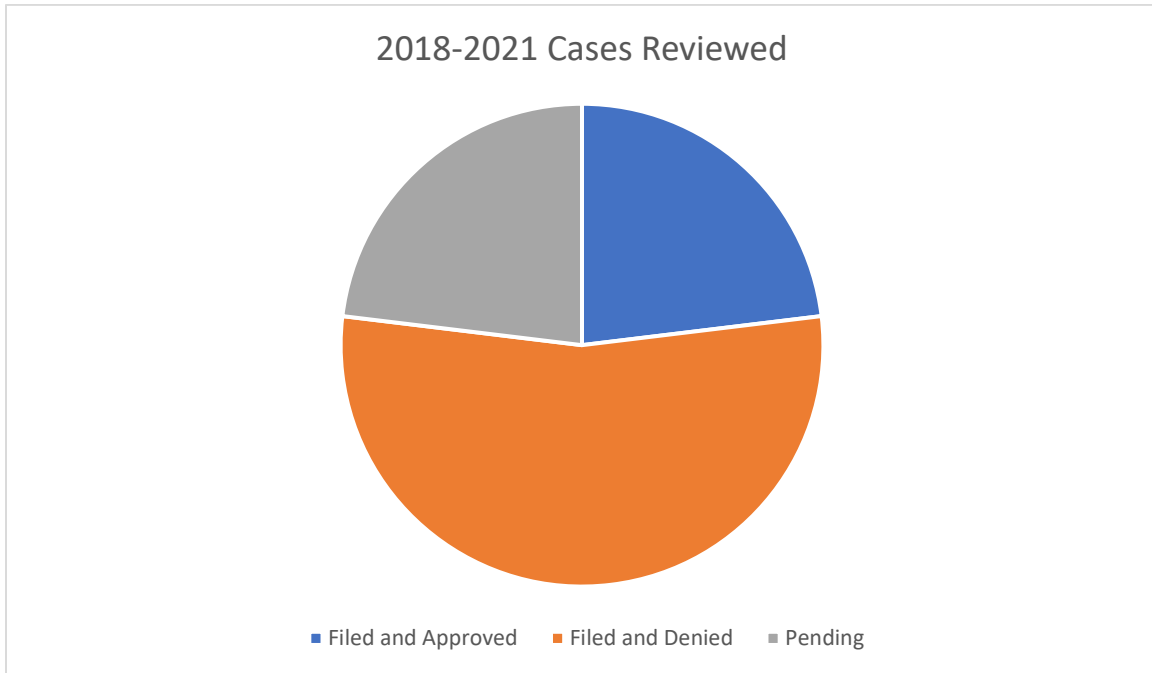

Charges: Homicide

This is an inquiry received from the Innocence Project in 2021. File is currently being reviewed.

CENTRE COUNTY DISTRICT ATTORNEY'S OFFICE MISDEMEANOR
MARIJUANA DIVERSION PROGRAM
2021 END OF YEAR REPORT

I. Objectives of the Program

The Misdemeanor Marijuana Diversion Program (“MMDP”) is a voluntary program provided by the Centre County District Attorney’s Office for individuals who have been charged with Possession of a Small Amount of Marijuana and/or Possession of Drug Paraphernalia, related to marijuana use. The MMDP teaches participants the physiological and social consequences of marijuana usage, provides an overview of marijuana laws, and teaches techniques participants can use to stop using marijuana.

II. Description of Program

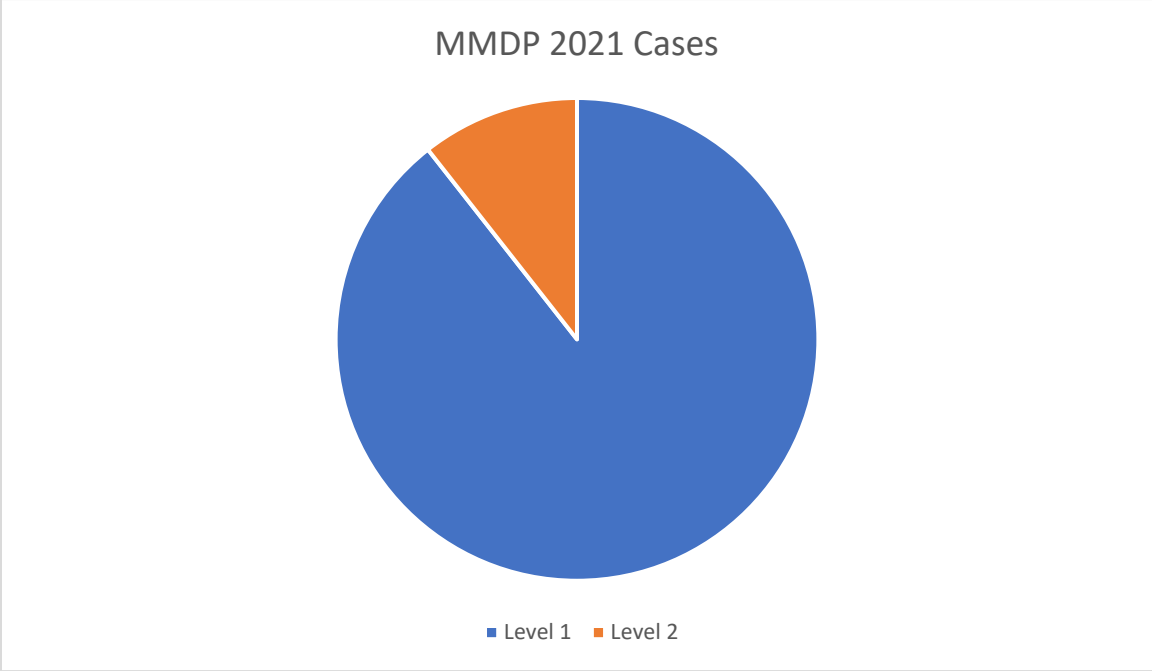

A prior criminal history is not an automatic bar to participation. The prosecutor assigned to the case has the discretion to determine what history and circumstances prohibits participation based upon the interests of public safety. There are circumstances when even small amounts of marijuana may threaten the health and safety of the community, so offenders who possess marijuana in drug-free zones or correctional facilities will not be eligible for this program. Approvals will be made by the assigned prosecutor at the time of the preliminary hearing.

III. Program Statistics

The MMDP program has been active since 2021 and had 151 participants for the 2021 calendar year. Of those total participants, 135 have been accepted into Level 1 and 16 have been accepted into Level 2. To date, 31 participants have completed the program and had their charges dismissed through a Rule 586 dismissal. The remaining 120 participants are still pending completion of the program. No participant has been discharged from the program for non-completion.

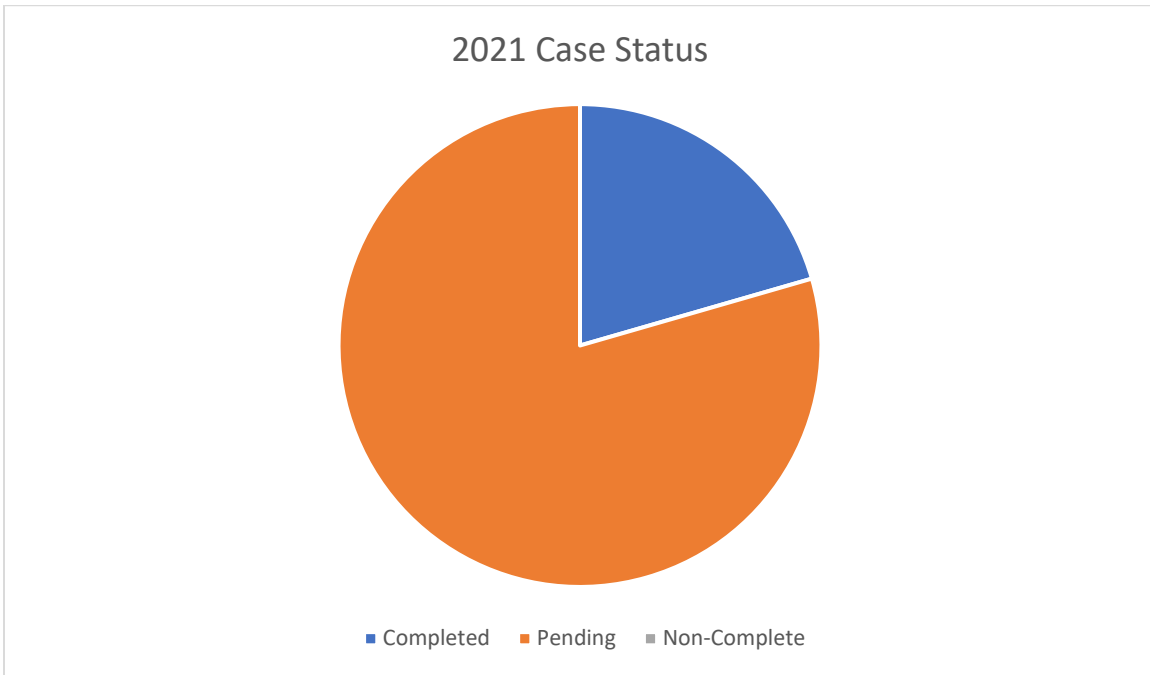

MMDP 2021 Cases: 151

**CENTRE COUNTY DISTRICT ATTORNEY’S RIGHT TO KNOW LAW
REPORT 2021**

I. INTRODUCTION

The Open Records Officer for the Centre County District Attorney’s Office is Assistant District Attorney Joshua Andrews. Assistant District Attorney Matt Metzger served in this function through the majority of 2021. Right to Know Requests are received by the DA’s Office in writing via US mail or email. A Right to Know Officer’s duty is to implement and enforce the state’s Right to Know Law. Under the Right to Know Law, all records are presumed to be public records unless disclosure is barred by: (1) state or federal law or regulation; (2) judicial order; (3) privilege, i.e. attorney-client or doctor-patient; or (4) one of the exceptions in Section 708 of the Right to Know Law.

II. DISCUSSION

In 2021, a total of 17 record requests were received by the District Attorney’s Office. 4 of those requests were granted outright, 2 were granted with limitations and 5 were deemed as sent to the wrong agency for records. Of the denials – 6 were denied because no records were found and 1 request was denied because the records were exempt. The volume of requests in 2021 were significantly down from 2018 and 2019, when 55 and 40 requests were made. During the last 4 years, the outright denials of open records requests has been less than 1%.

**III. District Attorney of Centre County Right to Know Law Request
Report 2018 – 2021**

Year	Total Request Volume	Response					
		Granted	Granted w/ Limitations	Notice Request was Misdirected	Denied – No Records Found*	Denied – Records Exempt	No response Data
2021	17	4	2	5	6	1	0
2020	22	9	9	3	1	1	6
2019	40	4	10	10	12	2	2

2018	55	11	13	6	12	4	9
------	----	----	----	---	----	---	---

*Many denials based on an absence of responsive records also include a notice that the request was misdirected.
