PROCLAMATION

WHEREAS, the Centre County Conservation District was formed at the request of farmers and citizens of the county who were interested in the conservation of soil and water resources and land use planning. In 1954, Centre County was declared a district by the Board of Commissioners; and

WHEREAS, Centre County is blessed with a wealth of bountiful woodlands and waterways, showcased in our six State Parks and acres of state forests and public lands that enrich the lives of residents and visitors, providing irreplaceable habitat for countless flora and fauna, sustainable natural resources, and recreational opportunities; and

WHEREAS, our local municipalities rely on conservation district staff to plan development in a way that conserves and protects the local environment; and

WHEREAS, the conservation district strives to conserve and sustain the beneficial use and protection of local natural resources through partnerships with the County's urban, rural, working lands communities, and others; as well as government agencies, private organizations, and businesses.

WHEREAS, the Centre County Conservation District educates and assists the citizens of Centre County in the management of natural resources for the benefit of present and future generations, inspiring voluntary conservation practices; and
